PUBLIC DEPARTMENT.

Glasgow, May 29, 1911.

Resolution of the Government of India, Department of Commerce and Industry (General), dated Simla, 16th May 1911.

No. 2185-B.—A Report by the Secretary under the Inventions and Designs Act, 1900 (T of 1900), on the working of the Act during the calendar year 1910, is published for general information—

No. 1405-P, dated Calcutta, 6th April 1911.

From—H. D. Gupta, Secy, Secretary under the Inventions and Designs Act,
To—the Secretary to the Government of India, Department of Commerce and Industry.

I have the honour to submit, for the information of the Government of India, the Annual Report of the Patent Office during the calendar year 1910.

2. The office, at 2 Bucklehill Street, Calcutta, has been in my charge except between 1st April and 15th October when Mr. J. W. House, Electrical Engineer in the Government of India, officiated.

3. During the year 487 applications were made for issue of 516 specifications and 814 specifications were filed. The total number of applications under the present fee has been 32,573 and of specifications 8,288. Compared with 1909 the decrease in the number of applications has been 28, but there have been 115 more specifications filed. The annual revenue as advertisement fees by payment of which printing privileges are kept in force, has decreased by Rs. 5,740 but the total income of the office is better by Rs. 207-4-0.

4. The range of inventions covered by the applications was as wide as usual and the professions in the industry and trade industries and persons. A rather noteworthy feature of the year has been the increase in the number of applications under the heading of making applications, and that is directly traceable to the note issued by Mr. David Fox for the best state shown at the United Furriers Exhibition at Alhambra.

5. Of the 487 applications made during the year, 45 related to inventions which prior fees did not appear to be novel. In accordance with the practice that is now well established the state of public knowledge was pointed out to the applicant, and he was given an opportunity of amending his application. Including 11 cases pending from the previous year, the result has been that 35 applications were abandoned, 3 were finally refused, and leave was granted in 27 cases, 13 being still pending. Altogether leave was granted on 603 of these 507 applications during the year, 18 were refused, 56 abandoned and 134 were pending on December 31st. The percentage of those questioned, refused and abandoned applications is fairly constant from year to year. 327 specifications were filed in respect of applications made during the year, while the balance 291 appertained to the applications of the previous year.

High Court of Judicature, Madras,
24th May 1911.

M. D. C. REILLY,
Deputy.

Under the provisions of section 129 of the Code of Civil Procedure, 1904, the following draft rule to be substituted for the present Rule 15 of Order XXI of Schedule I of the said Code and the following draft form to be inserted in Appendix B to Schedule I of the said Code are published for the information of all persons interested, and it is hereby notified that these modifications and additions as well as any objections or suggestions which may be received in respect of them from any person interested in the matter will be taken into consideration on or after the 30th July 1911, viz:—

Rule 15 (1). Where the property to be attached is immovable property, other than agricultural produce, in the possession of the judgment-debtor, the attachment shall be made by actual seizure, and the attaching officer shall keep the property in his own custody or in the custody of one of his subordinates, and shall be responsible for the same custody thereof.

Provided that where the property seized is subject to speedy and natural decay, or where the expense of keeping it is unlikely to exceed its value, the attaching officer may sell it at once.

Provided also that when the property attached consists of free-stock, agricultural implements or other articles which cannot conveniently be removed, and the attaching officer does not and enter the first proviso to this rule, he may at the instance of the judgment-debtor or of the owner or holder or of any person claiming to be interested in such property, leave it in the village or place where it has been attached—

(a) in the charge of the person at whose instance the property is retained in such village or place, provided such person enters into a bond in the Form No. 35-A given in Appendix B with one or more sufficient sureties for its production when called for; or

(b) in the charge of an officer of the Court, if a suitable place for its safe custody be provided and the remuneration of the officer for a period of fifteen days at such rate as might from time to time be fixed by the High Court, by such or otherwise.

(3) Whenever attachment made under the provisions of this rule occurs for any of the reasons specified in rule 36, or rule 37, or rule 38 of this Order the Court may order the removal of the attached property to the person in whose possession it was before attachment.

35-A. (1) Whenever attached property is kept in the village or place where it is attached, the attaching officer shall forthwith report the fact to the Court and shall, with his report, forward a list of the property attached.

(2) If attached property is not retained in the village or place where the attachment was made under the second proviso to rule 43, it shall be brought to the Court-house and delivered to the proper officer of the Court.

35-B. (1) Whenever attached property kept in the village or place is threatened, the person, at whose instance it was so retained, shall provide for its maintenance, and, if he fails to do so, rule 43 is in charge of an officer of the Court, it shall be removed to the Court-house.

Nothing in the rule shall prevent the judgment-debtor or any person claiming to be interested in such stock from making such arrangements for feeding the same as may not be inconsistent with its safe custody.

(3) The Court may direct that any sums which have been expended by the attaching officer or payable to him if not duly described or paid, be recovered from the proceeds of property, if sold, or be paid by the person declared entitled to delivery before receiving the same. The Court may also order that any sums deposited or paid under these rules be recovered on account of the attachment from any party to the proceedings.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the Barometer is twenty-four feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is not known, the average for the same period being 4.15 inches.
